HARD PEDALING AT MISHICOT—Frederick Specht, 14, son of Mr. and Mrs. Paul Specht of Mishicot, discovered that pedaling his bicycle through an inundated area on the eastern end of the village of Mishicot was not an easy task. The waters of the East Twin River, which overflowed its banks nearby, reached above the sprocket of young Specht's bicycle. Directly to the south of the above flooded area, Sportsman's Park, was also completely under water most of Sunday. (Photo by staff
